Subject: Training Videos Now Available for Special-Lite
Frame and Door Installation

Special-Lite, Inc. has released two new training video programs presenting tips and techniques for proper installation of their Tube Frame with Applied Stops and Storefront Framing products.

Both shows include instructions for door and removable mullion installation and are based upon recently updated printed installation instructions. Printed installation instructions for Tube Frame with Applied Stops were updated in August 2005, and revised Storefront installation instructions became available in January 2006.

-more-

For free DVD copies of Special-Lite's installation training videos, *Heavy Wall Applied Stop Tube Frame and Door Installation* (Item #7604) and *Storefront Framing and Door Installation* (Item # 7605), contact Special-Lite Training Manager Craig Hartsell at 800-821-6531 x272, fax 800-423-7610, or email info@special-lite.com.

Printed installation instructions are available for download on Special-Lite's website at: <http://www.special-lite.com/techdata/installation.htm>.

About Special-Lite, Inc.

Based in Decatur, Michigan, Special-Lite manufactures complete entrance systems consisting of flush, monumental, colonial doors, panels and framing for new construction and replacement installations in educational, commercial, institutional, industrial and municipal applications. The company was founded in 1971 and pioneered the use of fiberglass reinforced polyester (FRP) material for door skins in the early 1980's, and today is the largest volume producer of FRP doors in the U.S. Special-Lite's entrance products are the *first and only* to earn GREENGUARD Indoor Air Quality Certification[®], including the stringent new Children & Schools Standard[™].

The GREENGUARD INDOOR AIR QUALITY CERTIFIED Mark is a registered certification mark used under license through the GREENGUARD Environmental Institute.
