**Subject:** Special-Lite Announces Availability of AMP Wood Stain Matching Paint Colors

Each of Special-Lite's six standard AMP (acrylic modified polyester) wood stain colors now has a complementary Kynar<sup>®</sup> paint color for anodized aluminum surfaces. Door edges and vision lites can be finished in colors matched to the finish of the face sheets. Special-Lite's AMP products help achieve the warm, rich look of real wood doors and panels without the disadvantages of real wood.

Special-Lite's AMP products include:

- Colonial (SL-18) AMP Flush Doors
- Colonial (SL-38) AMP Panels
- Wood Grain (SL-19) AMP Flush Doors

-more-

- Wood Grain (SL-39) AMP Panels

These coordinated Kynar® paint colors can also be specified on Special-Lite's panels and framing products for a completely matched entrance.

To order sample chips of the new AMP Wood Stain Matching Paint Colors (Item 5587) and standard AMP Standard Colors (Item 5569), call 1-800-821-6531 or complete the online order form at: [www.special-lite.com](http://www.special-lite.com)

### **About Special-Lite, Inc.**

Based in Decatur, Michigan, Special-Lite manufactures complete entrance systems consisting of flush, monumental, colonial doors, panels and framing for new construction and replacement installations in educational, commercial, institutional, industrial and municipal applications. The company was founded in 1971 and pioneered the use of fiberglass reinforced polyester (FRP) material for door skins in the early 1980's, and today is the largest volume producer of FRP doors in the U.S. Special-Lite's entrance products are the *first and only* to earn GREENGUARD Indoor Air Quality Certification®, including the stringent new Children & Schools Standard™.

The GREENGUARD INDOOR AIR QUALITY CERTIFIED Mark is a registered certification mark used under license through the GREENGUARD Environmental Institute.

Kynar® is a registered trademark of ATOFINA Chemicals Inc.
