Subject: Special-Lite.com Web Site Relunched with Enhanced Features, Improved Design and More Green Content

Special-Lite has relaunched their updated website, www.special-lite.com, with improved usability features to provide even more intuitive access to the complete information needed to design, specify, order, install and maintain the company's heavy-duty doors, framing and panels. The updated online order form makes ordering literature and samples easier than ever. New content updates include enhanced green building information, recommendations on improving entrance performance, and inclusion of their new AIA CES program—*Evaluating Exterior Doors for Performance and Sustainability*.

About Special-Lite, Inc.

Based in Decatur, Michigan, Special-Lite manufactures complete entrance systems consisting of flush, monumental, colonial doors, panels and framing for new construction and replacement installations in educational, commercial, institutional, industrial and municipal applications. The company was founded in 1971 and pioneered the use of fiberglass reinforced polyester (FRP) material for door skins in the early 1980's, and today is the largest volume producer of FRP doors in the U.S. Special-Lite's entrance products were the first to earn GREENGUARD Indoor Air Quality Certification® and have attained including the stringent Children & Schools Standard™.

The GREENGUARD INDOOR AIR QUALITY CERTIFIED Mark is a registered certification mark used under license through the GREENGUARD Environmental Institute.
